Primary Citations

Below are the top 3 GMP primary citations for 2018-2020 in the APAC region. This information is pulled from our extensive database of FDA 483 observations.

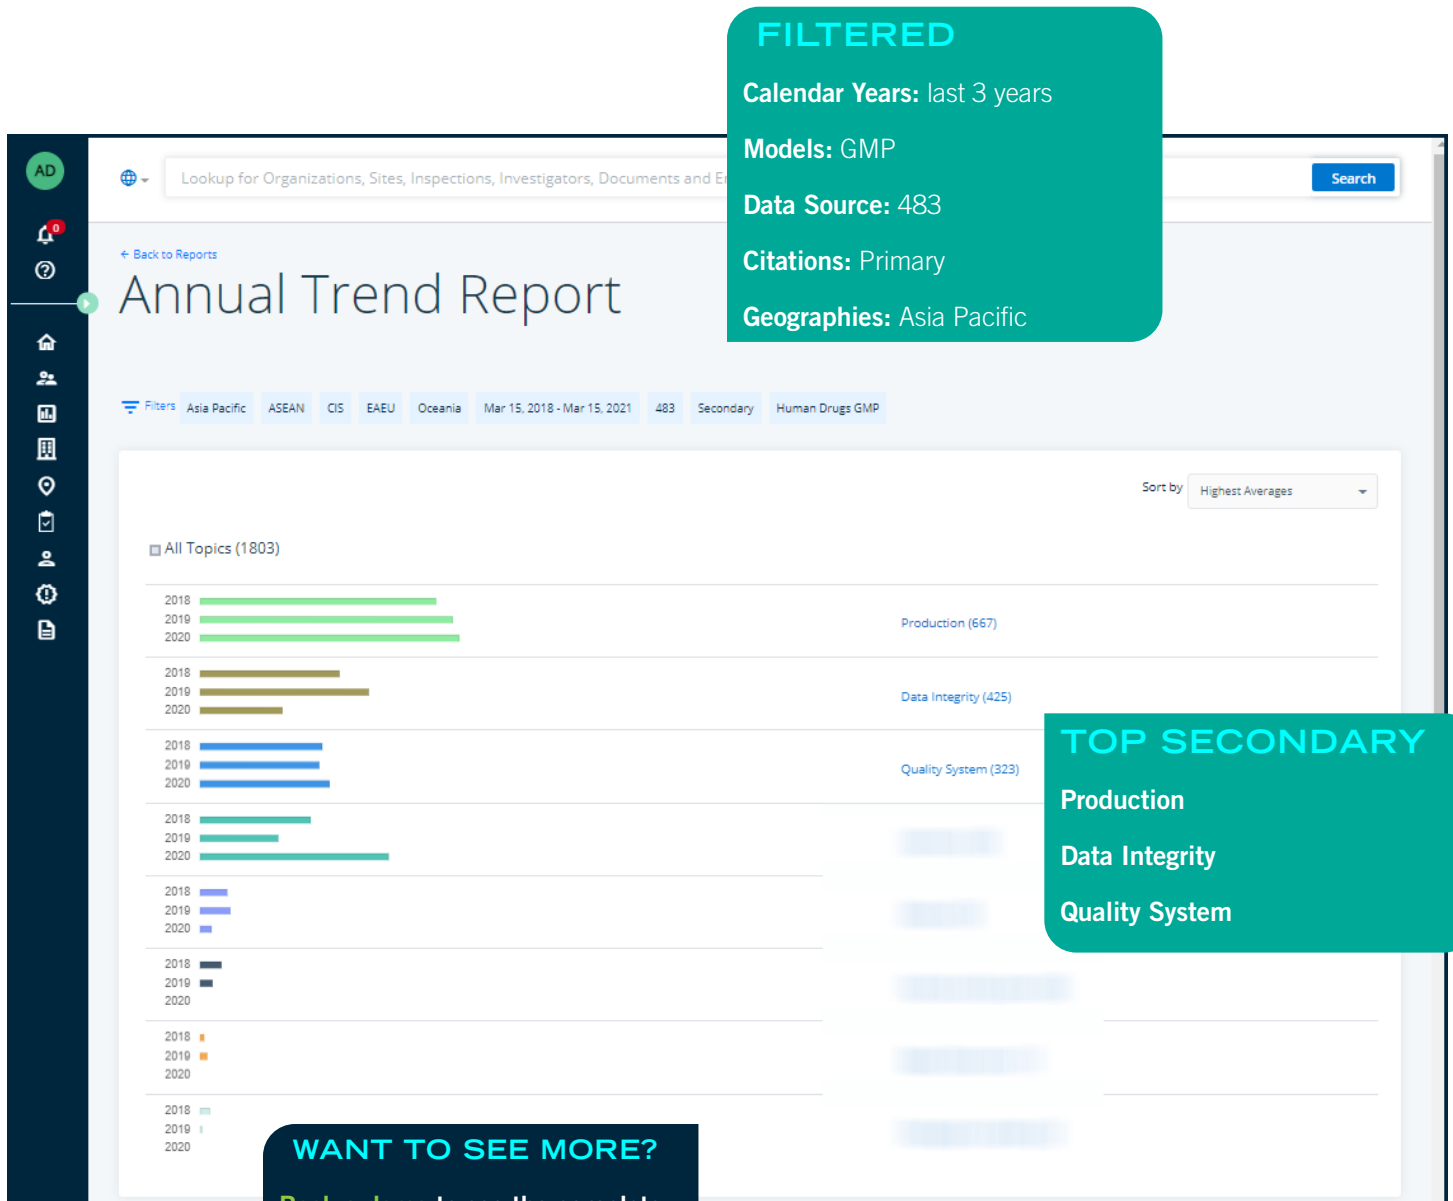

This should help you identify some key enforcement trends within this timeframe.

REDICA | TREND REPORT | APAC

Secondary Citations

To help provide you with further insights, below are the top 3 secondary citations for the Asia-Pacific region during the 2018-2020 timeframe. Again, we gathered this information from our extensive database of FDA 483s.
